

I have just finished reading Classic Christianity and want to thank you for sending it to me. I was born again at 14. I accepted Jesus into my heart with the understanding of Jesus dying on the cross for my sins. I never really knew the whole truth. Like in the book, that is only half the gospel. I could see myself in the stories of some of the people in the book. God blessed me when I called People to People with a question.

Classic Christianity

has helped me understand, and I thank God for inspiring you to write it.
